Re: Amendment to Financial Disclosure Reports

✓
MC

Dear Clerk Johnson:

I am amending Schedule A of my candidate and annual financial disclosures to include an additional asset that was inadvertently not disclosed. The asset is a holding of shares in a privately-held company, Emics, Inc., located in San Francisco, California, which is in the business-to-business software industry. I have made no trades in the stock since I was sworn into office on January 3, 2019, and I have held the same number of shares since the beginning of my first reporting period on January 1, 2017. While the value of the shares has steadily increased, it has remained within a single valuation band.

The following chart describes the asset's value and income for each reporting period as indicated.

Report Title	Value of Asset	Income Type and Amount
Candidate Report (2017)	\$15,001-\$50,000	None
Candidate Report (2018)	\$15,001-\$50,000	None
New Filer Report (2018)	\$15,001-\$50,000	None
Annual Report (2019)	\$15,001-\$50,000	None
Annual Report (2020), as amended	\$15,001-\$50,000	None

Anthony Gonzalez
